## **RJ KING ASSOCIATES ESTABLISHES NEW SOUTH FLORIDA OFFICE**

**Tampa, Florida based healthcare real estate services firm, RJ King Associates, has opened a south Florida office to serve its growing client base in the south east part of the state.**

**Tampa, Florida, May 16, 2014** – Robert J. King, CCIM, CPM, CEO of RJ King Associates Healthcare Real Estate, has announced the opening of a new office, located at 110 E. Broward Blvd., Suite 1700, Ft. Lauderdale, FL, to serve the company's south Florida clients.

"We have always been available to provide select strategic services to our existing clients in the south Florida markets but the demand now necessitates establishing another office in this area of the state. With offices in Tampa, Orlando and Melbourne, this office is the natural next step in the firm's expansion to a truly statewide healthcare real estate services provider. Many of our clients have assets in south Florida and it is a market where a specialist company like ours can thrive. We look forward to providing our high level of medical office brokerage, leasing and management expertise in south Florida." says King.

The company will serve its medical office developer and owner clients with projects located in Dade, Broward and Palm Beach counties from the central Ft. Lauderdale offices. The firm will also provide tenant representation services to healthcare providers in those markets.

Already the premier healthcare real estate services provider in central and west coast Florida, the expansion into the south Florida markets will solidify the organizations position as the statewide provider of choice in the sector.

For more information about our services in south Florida, please contact Robert J. King at 813-874-1515.
